mx mendix
A Siemens Business

Mendix

Mendix is a revolutionary low-code application development platform that streamlines the creation of web and mobile applications. By offering an intuitive drag-and-drop interface, Mendix can help you design and deploy apps with minimal traditional coding. This democratization of the application development process is transformative, enabling even those without extensive technical backgrounds to bring their digital visions to life.

Access Service

- Create a free Mendix account using your UCInetID at **signup.mendix.com**
- Download Studio Pro from the Marketplace and install locally on your PC. **Mendix Marketplace - Studio Pro Download**

Learn to Use Mendix

- Access the **Mendix Academy,** which offers various learning paths to help you gain expertise in low-code app development using the Mendix platform.
- Students can acquire the first two levels (Rapid Developer & Intermediate Developer) of **Mendix Certifications** at no cost

Benefits

Learning the Mendix platform can open up a world of possibilities for students.

- Swiftly conceptualize and implement apps
- Rapidly prototype and iterate your ideas–power your creativity and innovation
- Position yourself at the forefront of a technological shift and enable the next wave of digital transformation

Additional Resources

- **Mendix Docs**: The official documentation provided by Mendix.
- **Mendix Forum**: An online community platform where Mendix users and developers come together to discuss, share knowledge, ask questions, and seek assistance.
- **On-Demand Demos**: Browse demos to see the ins and outs of developing low-code apps with Mendix.
- **Mendix Job Board**: Find entry to mid-level career opportunities globally.

UCI The Hub

The Hub at the ANTrepreneur Center

Come visit The Hub workspace at the ANTrepreneur Center on campus, where you can play, explore, and interact with various tools. The facilities are designed to facilitate learning, brainstorming, and interaction with others. At The Hub, you will find dedicated desks and collaboration tools such as electronic whiteboards, stand-up desks and even under-desk treadmills.
